Index to Volume 12

AUTHOR AND SUBJECT INDEX

A

Aaronson, Abe L. (co-author): Clinical evaluation of a new antihistamine drug, FC-1, 284

Aaronson, Abe L. (co-author): Hay fever. A review of the literature of 1952 (Progress in Allergy), 92

Abramson, H. A.: Evaluation of maternal rejection theory in allergy, 129.

ACTH, Anaphylactoid reaction from. Report of a case (Sheldon Swift), 172

Adriani, John: Anesthesia and allergy, 549

Aerosol trypsin therapy in the treatment of asthma (Homer Prince, et al), 25

Aerosols of pancreatic dornase in bronchopulmonary disease (A. Salomon et al), 71

Alevaire inhalation for eliminating secretions in asthma, sinusitis, bronchitis, and bronchiectasis in adults. A preliminary report (J. B. Miller et al), 611

Allergic conditions, Treatment of, with sustained release chlorprophenpyridamine maleate (Harry L. Rogers), 266

Allergic dermatoses, Histopathology of (Hermann Pinkus), 671

Allergic disease, Prophylaxis of, and some factors in the management of chronic allergic disease in pediatric practice (Jerome Glaser), 30

Allergic diseases, respiratory, Mold fungi in the etiology of . XV. Selection of molds for therapy (Homer E. Prince and Marie B. Morrow), 253

Allergic disorders, Experiences with Piromen® in the treatment of (Granville F. Knight), 174

Allergic nose, Intranasal examination and treatment of the (A. J. McComiskey), 637

Allergic patient, Antibiotics in the (Abstract) (Edwin D. Kilbourne), 644

Allergic patient, Some otolaryngologic procedures useful in treating the (Jack R. Anderson and Wallace Rubin), 627

Allergic rhinitis, Cortogen nasal suspension with Chlor-Trimeton in the treatment of (Edward E. P. Seidmon and Nathan Schaffer), 85

Allergic sinusitis in children, Observations on (Joseph W. Hampsey), 697

Allergic tension-fatigue in children (Frederic Speer), 168

Allergy, Anesthesia and (John Adriani), 549

Allergy, childhood, Climate as an influencing factor in (Meyer B. Marks), 403

Allergy, Evaluation of maternal rejection theory in (H. A. Abramson), 129

Allergy, Future research in (R. L. Mayer), 375

Allergy in immunohematology, Role of (Abstract) (Charles C. Sprague), 646

Allergy life line (M. J. Gutmann), 190

Allergy, Miscellaneous review of, 1953 (Progress in Allergy) (Lawrence J. Halpin), 299

Allergy, Ocular manifestations of (J. Warrick Thomas), 1

Allergy, Pulmonary function testing in the practice of (John H. Seabury), 543

Allergy, respiratory, The relationship of bacterial infection and (Harris Hosen and William Carabelle), 597

Allergy, The otologic manifestation of (Clyde F. Elkins), 710

Allergy, The use and abuse of statistics in (Huldah Bancroft), 529

Analysis and standardization of house dust by gel diffusion (R. P. Wodehouse), 363

Anaphylactic shock and death due to penicillin. Report of a case (Richard L. Etter and George Merryman), 453

Anaphylactoid reaction from ACTH. Report of a case (Sheldon Swift), 172

Anderson, Jack R., and Rubin, Wallace: Some otolaryngologic procedures useful in treating the allergic patient, 627

Anesthesia and allergy (John Adriani), 549

Angioedema and urticaria in children and young adults. Etiologic and electrocardiographic findings in one hundred fifteen cases (Sheldon C. Siegel and Joseph G. Bergeron), 241

Angioedema and urticaria: Statistical survey of five hundred cases (Milton J. Stenihardt), 659

Antibacterial therapy in infectious asthma. (Alfred B. Longacre), 606

Antibiotics in the allergic patient (Abstract) (Edwin D. Kilbourne), 644

Antihistamine drug, FC-I, Clinical evaluation of a new (Morris A. Kaplan et al), 284

Antihistamine medication, sustained release, One year's experience with. An expermental and clinical study (Mayer A. Green), 273

Antimicrobial therapy, Long-term, in asthma associated with infection (Charles B. Shuey and William C. Grater), 601

Asthma, Aerosol trypsin therapy in the treatment of (Homer Prince et al), 25

Asthma and nasal allergies, Prantal, orally, in the treatment of. A preliminary report (D. Edward Frank and Walter R. MacLaren), 289

Asthma associated with infection, Long-term antimicrobial therapy in (Charles B. Shuey and William C. Grater), 601

Asthma, bronchial, and other chest diseases, Proper use of aerosol trypsin in (Abstract) (Albert H. Unger), 642

Asthma, Bronchial, complicated by acute upper respiratory tract infection treated with the hydriodide of diethylaminoethyl ester of penicillin G (Neo-Penil®) (Bernard T. Fein), 692

Asthma, bronchial, Vasomotor rhinitis and, due to locust bean gum dust (Isidore Mechaneck), 164

Asthma, infectious, Antibacterial therapy in (Alfred B. Longacre), 606

Asthma, sinusitis, bronchitis and bronchiectasis in adults, Alevaire inhalation for eliminating secretions in (J. B. Miller et al), 611

Asthmas, A tentative qualitative and quantitative classification of the (Ethan Allan Brown and Lawrence J. Halpin), 445

Asthmatic in industry, The (Neill K. Weaver) 575

Asthmogenic effect of odors, smells, and fumes (Ethan Allan Brown and N. John Colombo), 14

B

Baby, The colicky (Frederick J. Martin), 700

Bacteria, dust, and mold content of the exhaust of various types of vacuum cleaners, A study of (George F. Harsh), 705

Bacterial infection and respiratory allergy, The relationship of (Harris Hosen and William Carabelle), 597

Bancroft, Huldah: The use and abuse of statistics, 529

Bellergal,® The use of, in the prophylactic treatment of some types of headache (Clarence H. Steele), 42

Bell's palsy—serum or penicillin sensitivity? Treatment with cortisone. A case report (Lawrence J. Halpin), 196

Bergeron, Joseph G., and Siegel, Sheldon C.: Urticaria and angioedema in children and young adults. Etiologic and electrocardiographic findings in one hundred fifteen cases, 241

Biomydrin,® Clinical experience with the use of, on patients with respiratory allergies. Preliminary report (F. W. Wittich), 185

Blood transfusion reactions, The use of Chlor-Trimeton® in the prevention of (S. William Simon and William G. Eckman, Jr.), 182

Blood transfusions, The value of Chlor-Trimeton® in the management of acute allergic and febrile reactions to (Chester C. Winter and George V. Taplin), 717

Bronchial asthma complicated by acute upper respiratory tract infection treated with the hydriodide of diethylaminoethyl ester of penicillin G (Neo-Penil®) (Bernard T. Fein), 692

Bronchial asthma (Progress in allergy) (Philip M. Gottlieb), 456

Bronchial asthma, Vasomotor rhinitis and, due to locust bean gum dust (Isidore Mechaneck), 164

Bronchiectasis, bronchitis, sinusitis, and asthma in adults, Alevaire inhalation for eliminating secretions in (J. B. Miller et al), 611

Bronchitis, bronchiectasis, sinusitis, and asthma in adults, Alevaire inhalation for eliminating secretions in (J. B. Miller et al), 611

Bronchitis, Some clinical patterns of (Morton M. Ziskind), 585

Brown, Ethan Allan, and Colombo, N. John: The asthmogenic effect of odors, smells, and fumes, 14

Brown, Ethan Allan, and Halpin, Lawrence J.: A tentative qualitative and quantitative classification of the asthmas, 445

Brown, L. L. (co-author): Alevaire inhalation for eliminating secretions in asthma, sinusitis, bronchitis, and bronchiectasis of adults, 611

C

Carabelle, William, and Hosen, Harris: The relationship of bacterial infection and respiratory allergy, 597

Carryer, Haddon M. (co-author): Hydrocortisone treatment of pollinosis, 263

Celiac syndrome, The use of protein skin tests in the (C. Collins-Williams and J. Harry Ebbs), 237

Children, Allergic tension-fatigue in (Frederic Speer), 168

Children and young adults, Urticaria and angioedema in. Etiologic and electrocardiographic findings in one hundred fifteen cases (Sheldon C. Siegel and Joseph G. Bergeron), 241

Children, Eosinophilia in (John H. Dent), 579

Children, Observations on allergic sinusitis in (Joseph W. Hampsey), 697

Chlorprophenpyridamine maleate, Treatment of allergic conditions with sustained release (Harry L. Rogers), 266

Chlor-Trimeton,® Cortogen nasal suspension with, in the treatment of allergic rhinitis (Edward E. P. Seidmon and Nathan Schaffer), 85

Chlor-Trimeton,® The Use of, in the prevention of blood transfusion reactions (S. William Simon and William G. Eckman, Jr.), 182

Chlor-Trimeton®, Value of, in the management of acute allergic and febrile reactions to blood transfusions (Chester C. Winter and George V. Taplin), 717

Chronic ulcerative colitis and regional enteritis—their allergic aspects (Albert H. Rowe and Albert Rowe, Jr.), 387

Classic aspects of onion and garlic dermatitis in housewives (J. W. Burks, Jr.), 592

Classification of the asthmas, A tentative qualitative and quantitative (Ethan Allan Brown and Lawrence J. Halpin), 445

Climate as an influencing factor in childhood allergy (Meyer B. Marks), 403

Clinical evaluation of a new antihistamine drug, FC-1 (Morris A. Kaplan et al), 284

Clinical evaluation of diphenylpyraline in ragweed pollinosis (Harry Swartz), 80

Clinical experience with the use of Biomydrin® on patients with respiratory allergies. Preliminary report (F. W. Wittich), 185

Clinical patterns of bronchitis, Some (Morton M. Ziskind), 585

Colicky baby, The (Frederick J. Martin), 700

Colitis, Chronic ulcerative, and regional enteritis—their allergic aspects (Albert H. Rowe and Albert Rowe, Jr.), 387

Colombo, N. John, and Brown, Ethan Allan: The asthmogenic effect of odors, smells and fumes, 14

Collins-Williams, C., and Ebbs, J. Harry: The use of protein skin tests in the celiac syndrome, 237

Collins-Williams, C., and Ratner, Bret: Pediatric allergy. A critical review (Progress in Allergy), 198

Cortisone, the triple-edged sword (Albert Segaloff), 565

Cortisone, Treatment with. Bell's palsy—serum or penicillin sensitivity? A case report (Lawrence J. Halpin), 196

Cortogen nasal suspension with Chlor-Trimeton in the treatment of allergic rhinitis (Edward E. P. Seidmon and Nathan Schaffer), 85

Credille, Barney A.: A study in comparison of elimination time between molds and pollen in man and animal, 536

D

Dent, John H.: Eosinophilia in children, 579

Dermatitis, onion and garlic, in housewives, Classic aspects of (J. W. Burks, Jr.), 592

Dermatologic allergy, Progress in (Progress in Allergy) (John L. Fromer), 730

Dermatoses, allergic, Histopathology of (Hermann Pinkus), 671

Diphenylpyraline, Clinical evaluation of, in ragweed pollinosis (Harry Swartz), 80

Dougherty, Edward: A new tuberculin test which determines the amount of allergy and immunity to the disease (Abstract), 641

Dramamine (injectable) in migraine. Preliminary report (Maurice Vaisberg), 180

Dust mold, and bacteria content of the exhaust of various types of vacuum cleaners, A study of (George F. Harsh), 705

E

Ebbs, J. Harry, and Collins-Williams, C.: The use of protein skin tests in the celiac syndrome, 237

Eckman, William G., Jr., and Simon, S. William: The use of Chlor-Trimeton® in the prevention of blood transfusion reactions, 182

Effectiveness of a portable electrostatic precipitator in elimination of environmental allergens and control of allergic symptoms (Sidney Friedlaender and Alex S. Friedlaender), 419

Ehrlich, Norman J. (co-author): Clinical evaluation of a new antihistamine drug, FC-1, 284

Ehrlich, Norman J. (co-author): Hay fever. A review of the literature of 1952 (Progress in Allergy), 92

Elkins, Clyde F.: Otologic manifestation of allergy, 710

Enteritis, regional, Chronic ulcerative colitis and—their allergic aspects (Albert H. Rowe and Albert Rowe, Jr.), 387

Eosinophilia in children (John H. Dent), 579

Etiology of respiratory allergic diseases, Mold fungi in. XV. Selection of molds for therapy (Homer E. Prince and Marie B. Morrow), 253

Etter, Richard L. (co-author): Aerosol trypsin therapy in the treatment of asthma, 25

Etter, Richard L., and Merryman, George: Anaphylactic shock and death due to penicillin. Report of a case, 453

Evaluation of maternal rejection theory in allergy (H. A. Abramson), 129

Examination, Intranasal, and treatment of the allergic nose (A. J. McComiskey), 637

Experiences with Piromen® in the treatment of allergic disorders (Granville F. Knight), 174

F

FC-1, Clinical evaluation of a new antihistamine drug (Morris A. Kaplan, et al), 284

Feibleman, James K.: The place of science in human culture, 555

Fein, Bernard T.: Bronchial asthma complicated by acute upper respiratory tract infection treated with the hydriodide of diethylaminoethyl ester of penicillin G (Neo-Penil®), 692

Fibrositis and hypertrophic arthritis. Treatment of rheumatic disease by desensitization with an aqueous extract of streptococci (James C. Small and James C. Small, Jr.), 141

Frank, D. Edward, and MacLaren, Walter R.: Prantal, orally, in the treatment of asthma and nasal allergies. A preliminary report, 289

Friedlaender, Alex S., and Friedlaender, Sidney: Effectiveness of a portable electrostatic precipitator in elimination of environmental allergens and control of allergic symptoms, 419

Fromer, John L.: Progress in allergy. Progress in dermatologic allergy. Critique and review of the recent literature, 730

Fungi, Mold, in the etiology of respiratory allergic diseases. XV. Selection of molds for therapy (Homer E. Prince and Marie B. Morrow), 253

Future research in allergy (R. L. Mayer), 375

G

Garlic and onion dermatitis in housewives, Classic aspects of (J. W. Burks, Jr.), 592

Gaul, L. Edward: Incidence of sensitivity to chromium, nickel, gold, silver and copper, compared to reactions to their aqueous salts including cobalt sulfate, 429

Gel diffusion, Analysis and standardization of house dust by (R. P. Wodehouse), 363

Glaser, Jerome: Prophylaxis of allergic disease and some factors in the management of chronic allergic disease in pediatric practice, 30

Goldfarb, P. M. (co-author): Alevaire inhalation for eliminating secretions in asthma, sinusitis, bronchitis and bronchiectasis of adults, 611
